Change the way you cut pipe.
Save Time. Save Money. Be Safe.

What is PowerGrit®?

Utilizing a brazed layer diamond coating on a patent pending chain design, coupled with an extremely durable chain platform, PowerGrit technology provides dramatically improved access to the cut with far less excavation. Single-side access reduces excavation time, operator effort, and total time to complete the job.

Product Benefits

- Single-point access
• Reduces excavation
• Reduces labor time
• Reduced operator effort
• Easier to control while cutting
• Improved operator safety

Materials Ductile Iron Pipe

- Cast Iron Pipe
• PVC Pipe
• HDPE Pipe
• Insituform Pipe Lining

Single side cutting access

Tight spaces/other utilities

Straight cuts - no kickback
