# WHY CHOOSE THE DV125?

## ✓ Massive Payload Capacity

- Transports up to 12.5 tons of material per load
- Reduces the number of trips and increases overall jobsite productivity
- Time-saving and cost-effective material handling

## ✓ Dual View Swivel Seat

- Offers full visibility in both direction
- Improves safety and ease of operation
- minimizes blind spots and maneuvering errors

## ✓ Built for Tough Terrain

- Articulated pendulum joint and hydrostatic all-wheel drive
- Maintains tractive force on rough and uneven ground
- Ensures safe and reliable transport even in harsh site conditions

## ✓ Standard High-Safety

- Enhanced operator protection
- Secure design for elevated jobsite standards
- Superior handling, even with full payloads
